NOW WHAT?

The Maze Runner

James Dashner

Just like Thomas, the Gladers don't know why or how they got to the Glade. All they know is that every morning the stone doors to the maze that surrounds them have opened. Every night they've closed tight. And every 30 days a new boy has been delivered in the lift. But the next day, a girl is sent up—the first girl to ever arrive in the Glade. And more surprising yet is the message she delivers.

Under the Never Sky

Veronica Rossi

When Aria is exiled from the enclosed city of Reverie, she forms an unlikely alliance with an Outsider named Perry, who could be her only chance of survival providing they can overcome their prejudices.

Divergent

Veronica Roth

In a future Chicago, on an appointed day of every year, all sixteen-year-olds must select the faction to which they will devote the rest of their lives. For Beatrice, the decision is between staying with her family and being who she really is; she can't have both. So she makes a choice that surprises everyone, including herself.
